

Did you know that you can have an actual EMCOR employee answer your after hours calls?

How much is your after hours answering service costing you?

EMCOR's Customer Solutions Center (CSC) provides the same capabilities and benefits of any after-hours answering service, and our rates are competitive — only \$250 per month. So, why would you pay an outside organization to answer your calls when we can handle it all within EMCOR?

As a client of the CSC's after hours answering service, you'll receive the following benefits:

- Messaging tailored to your specific company
- Highly trained, highly experienced customer support representatives available 24/7/365
- Consistently high quality service
- A proven technology platform with built-in reliability through redundant systems

It's the complete package of high quality service and customer care that your customers have grown to rely on.
